

PT-E920BT

P-Touch CUBE Pro Label Maker

Produce industry compliant labels faster, without lugging a heavy device. The Brother PT-E920BT is a compact, portable pro label maker built for high print volumes, letting electricians and data installers print pro results from their phone or laptop. Connect via Bluetooth with the Brother Pro Label Tool app and choose from ready-made templates for cable wraps, cable flags,

patch panels, punch blocks and faceplates plus QR codes and barcodes. Batch print in one run with the built-in auto-cutter and easy-peel strips. With widths up to 36mm, there's room for multi-line IDs, safety signage and distribution board labels that stay clear and readable at-a-glance. The PT-E920BT is built for large output, without weighing down the toolbelt.

General	
Hardware Type	HandHeld
Keyboard	1 Key (Power)
Display	
Display Type	Smartphone/PC Only
Printer	
Engine	Thermal Transfer
Print Speed	20 mm / sec
Printer Resolution	360 dpi
Emulation	Raster
Memory	Smartphone/PC Memory
