**SKU** 10EBX9901  
**EAN** 4260195392113

**In the Box** Eve Room, USB Charging Cable, Quick Start Guide

SRP  
 AU\$ 179

## Recommendation for Placement

- Connected Home / Smart Home
- App-Enabled Accessories
- Weather Instruments
- Home & Living

## Selling Points

### Indoor Air Quality Monitor

- Measures volatile organic compound (VOC) concentration, temperature, and humidity levels in your home.
- Detect harmful VOC levels caused by everyday items, including furnishings, appliances, gadgets, toys & more.
- Track how activities such as cooking and cleaning cause indoor air quality to drop – enabling you to ventilate in good time.
- View the readings on the high-contrast e-ink display or your iPhone.
- Put Eve Room wherever you like thanks to its wireless connectivity and integrated rechargeable battery.
- Joins your Thread network automatically / supports Bluetooth and Thread.
- Get up and running in a flash with quick & easy installation and setup, and no need for a bridge or gateway.

eve room

## Target Group

- Smart Home Buyers
- Technology Enthusiasts
- Families
- iOS Users

- Power: Integrated rechargeable battery: Lasts 6+ weeks on a single charge
- Charging Port: Micro-USB
- Recommended charging power supply: 5 V: 500 mAh minimum
- E-ink Display: 200 x 200 pixels
- Wireless Connection: Bluetooth Low Energy, Thread
- Dimensions: 54 x 54 x 15 mm

## Advertising Text

Eve Room is your key to healthy living. The award-winning indoor air sensor with Apple HomeKit technology measures volatile organic compound (VOC) concentration, temperature, and humidity levels in your home. View the readings on the integrated display or on your iPhone, and adopt healthy habits by following the history in the Eve app.

### USPs:

Temperature, humidity & air quality (VOC) | Live a healthy life | High-contrast display | Wireless & rechargeable | Bluetooth & Thread | Highest data privacy
