Selling Points

Secure Floodlight Camera

- Keep a close eye on your home around the clock, and receive rich notifications on your iPhone when something is up.
- Protect your privacy – Eve Outdoor Cam is designed exclusively for Apple HomeKit Secure Video, built from the ground up to keep your data secure.
- End-to-end encryption of live and recorded video
- 10-day recording history – capture any motion or distinguish between people, pets, vehicles, or packages
- Powerful, dimmable floodlight with light boost and infrared motion sensor; 157° field of view with night vision; HD (1080p/24fps) video
- Two-way communication with built-in microphone and speaker
- Maximum data security: No Eve cloud, no registration, and no tracking so your data won't get exposed; local intelligence and direct communication between Eve accessories and iPhone, iPad, or home hub without bridge or cloud dependency.

Target Group

- Smart home customers
- Builders
- Technology enthusiasts
- iOS users
