OPENCOMM

BONE CONDUCTION STEREO BLUETOOTH® HEADSET

A MOBILE HEADSET DESIGNED FOR PEOPLE ON-THE-GO

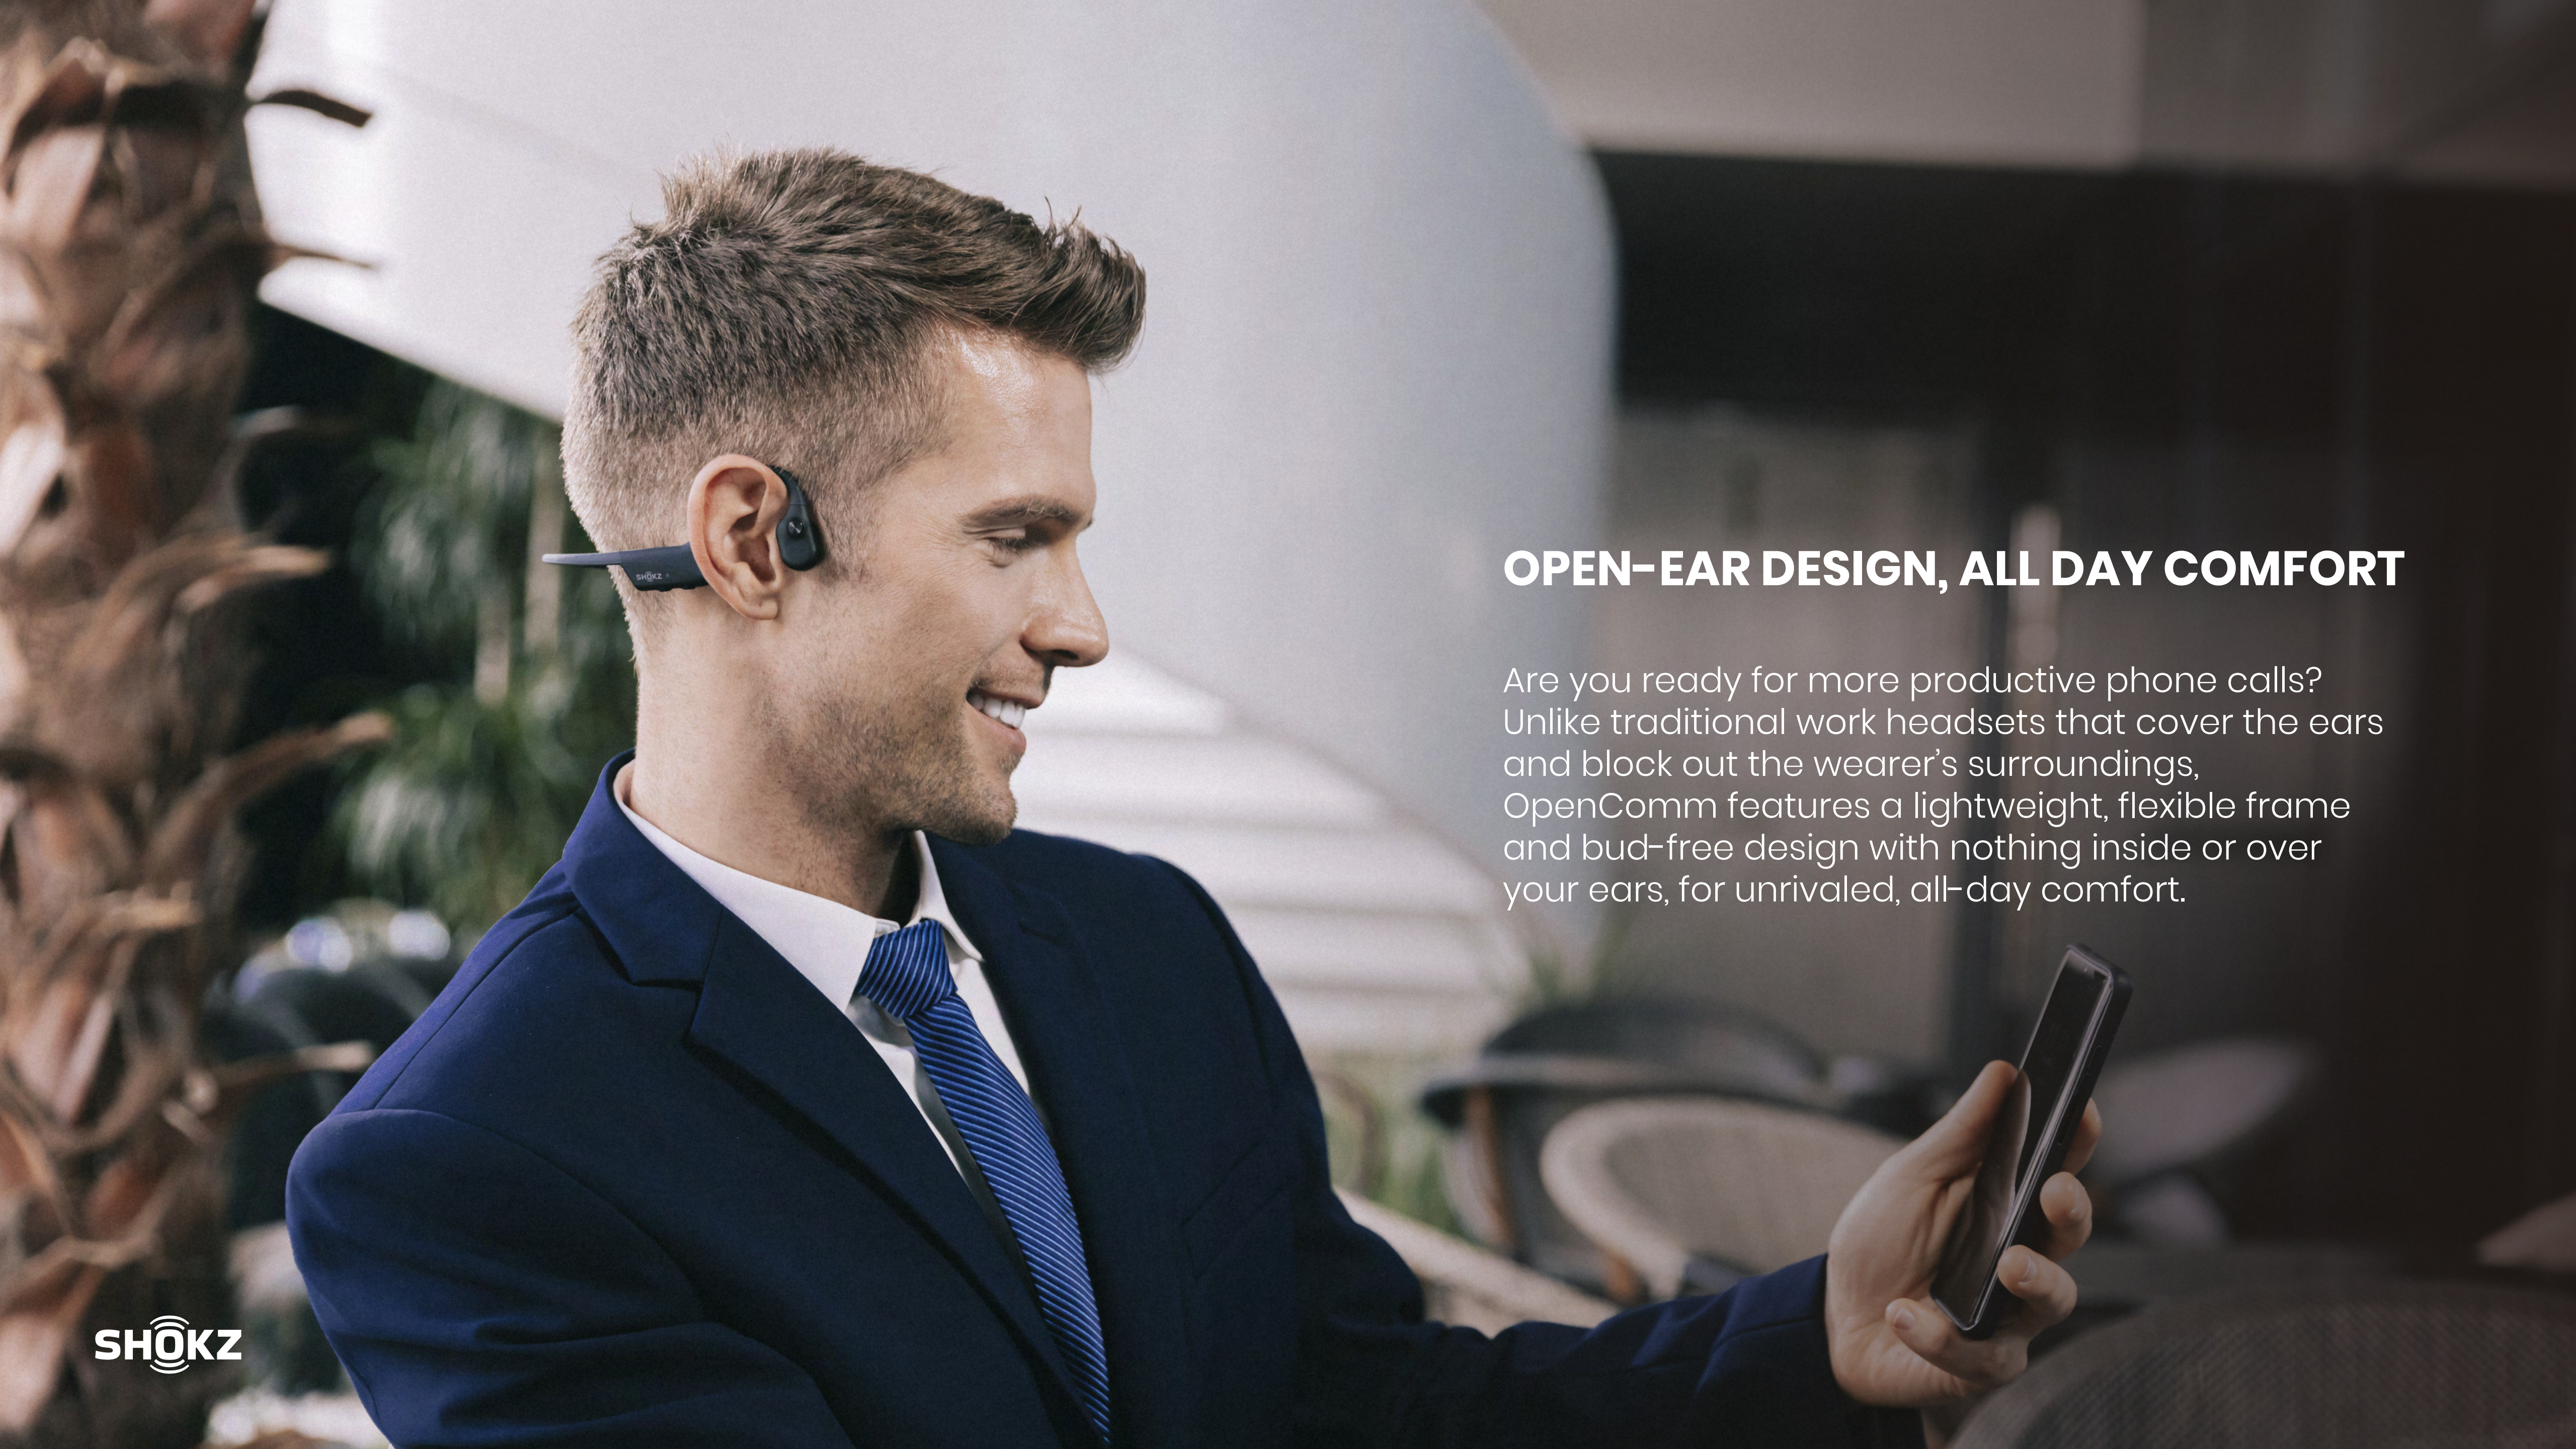

Working from anywhere just became easier. Engineered with patented 7th generation bone conduction technology and featuring our signature open-ear design, OpenComm enables clear communication through the DSP noise-canceling boom microphone and helps you stay connected to your surroundings, any time, anywhere.

Price: \$159.95 USD

Color: Black

OPEN-EAR DESIGN, ALL DAY COMFORT

Are you ready for more productive phone calls? Unlike traditional work headsets that cover the ears and block out the wearer's surroundings, OpenComm features a lightweight, flexible frame and bud-free design with nothing inside or over your ears, for unrivaled, all-day comfort.

A man in a dark blue suit and striped tie is driving a car. He is wearing a black open-ear headset with a microphone. The car's interior, including the leather seat and window frame, is visible. The background is blurred, suggesting motion.

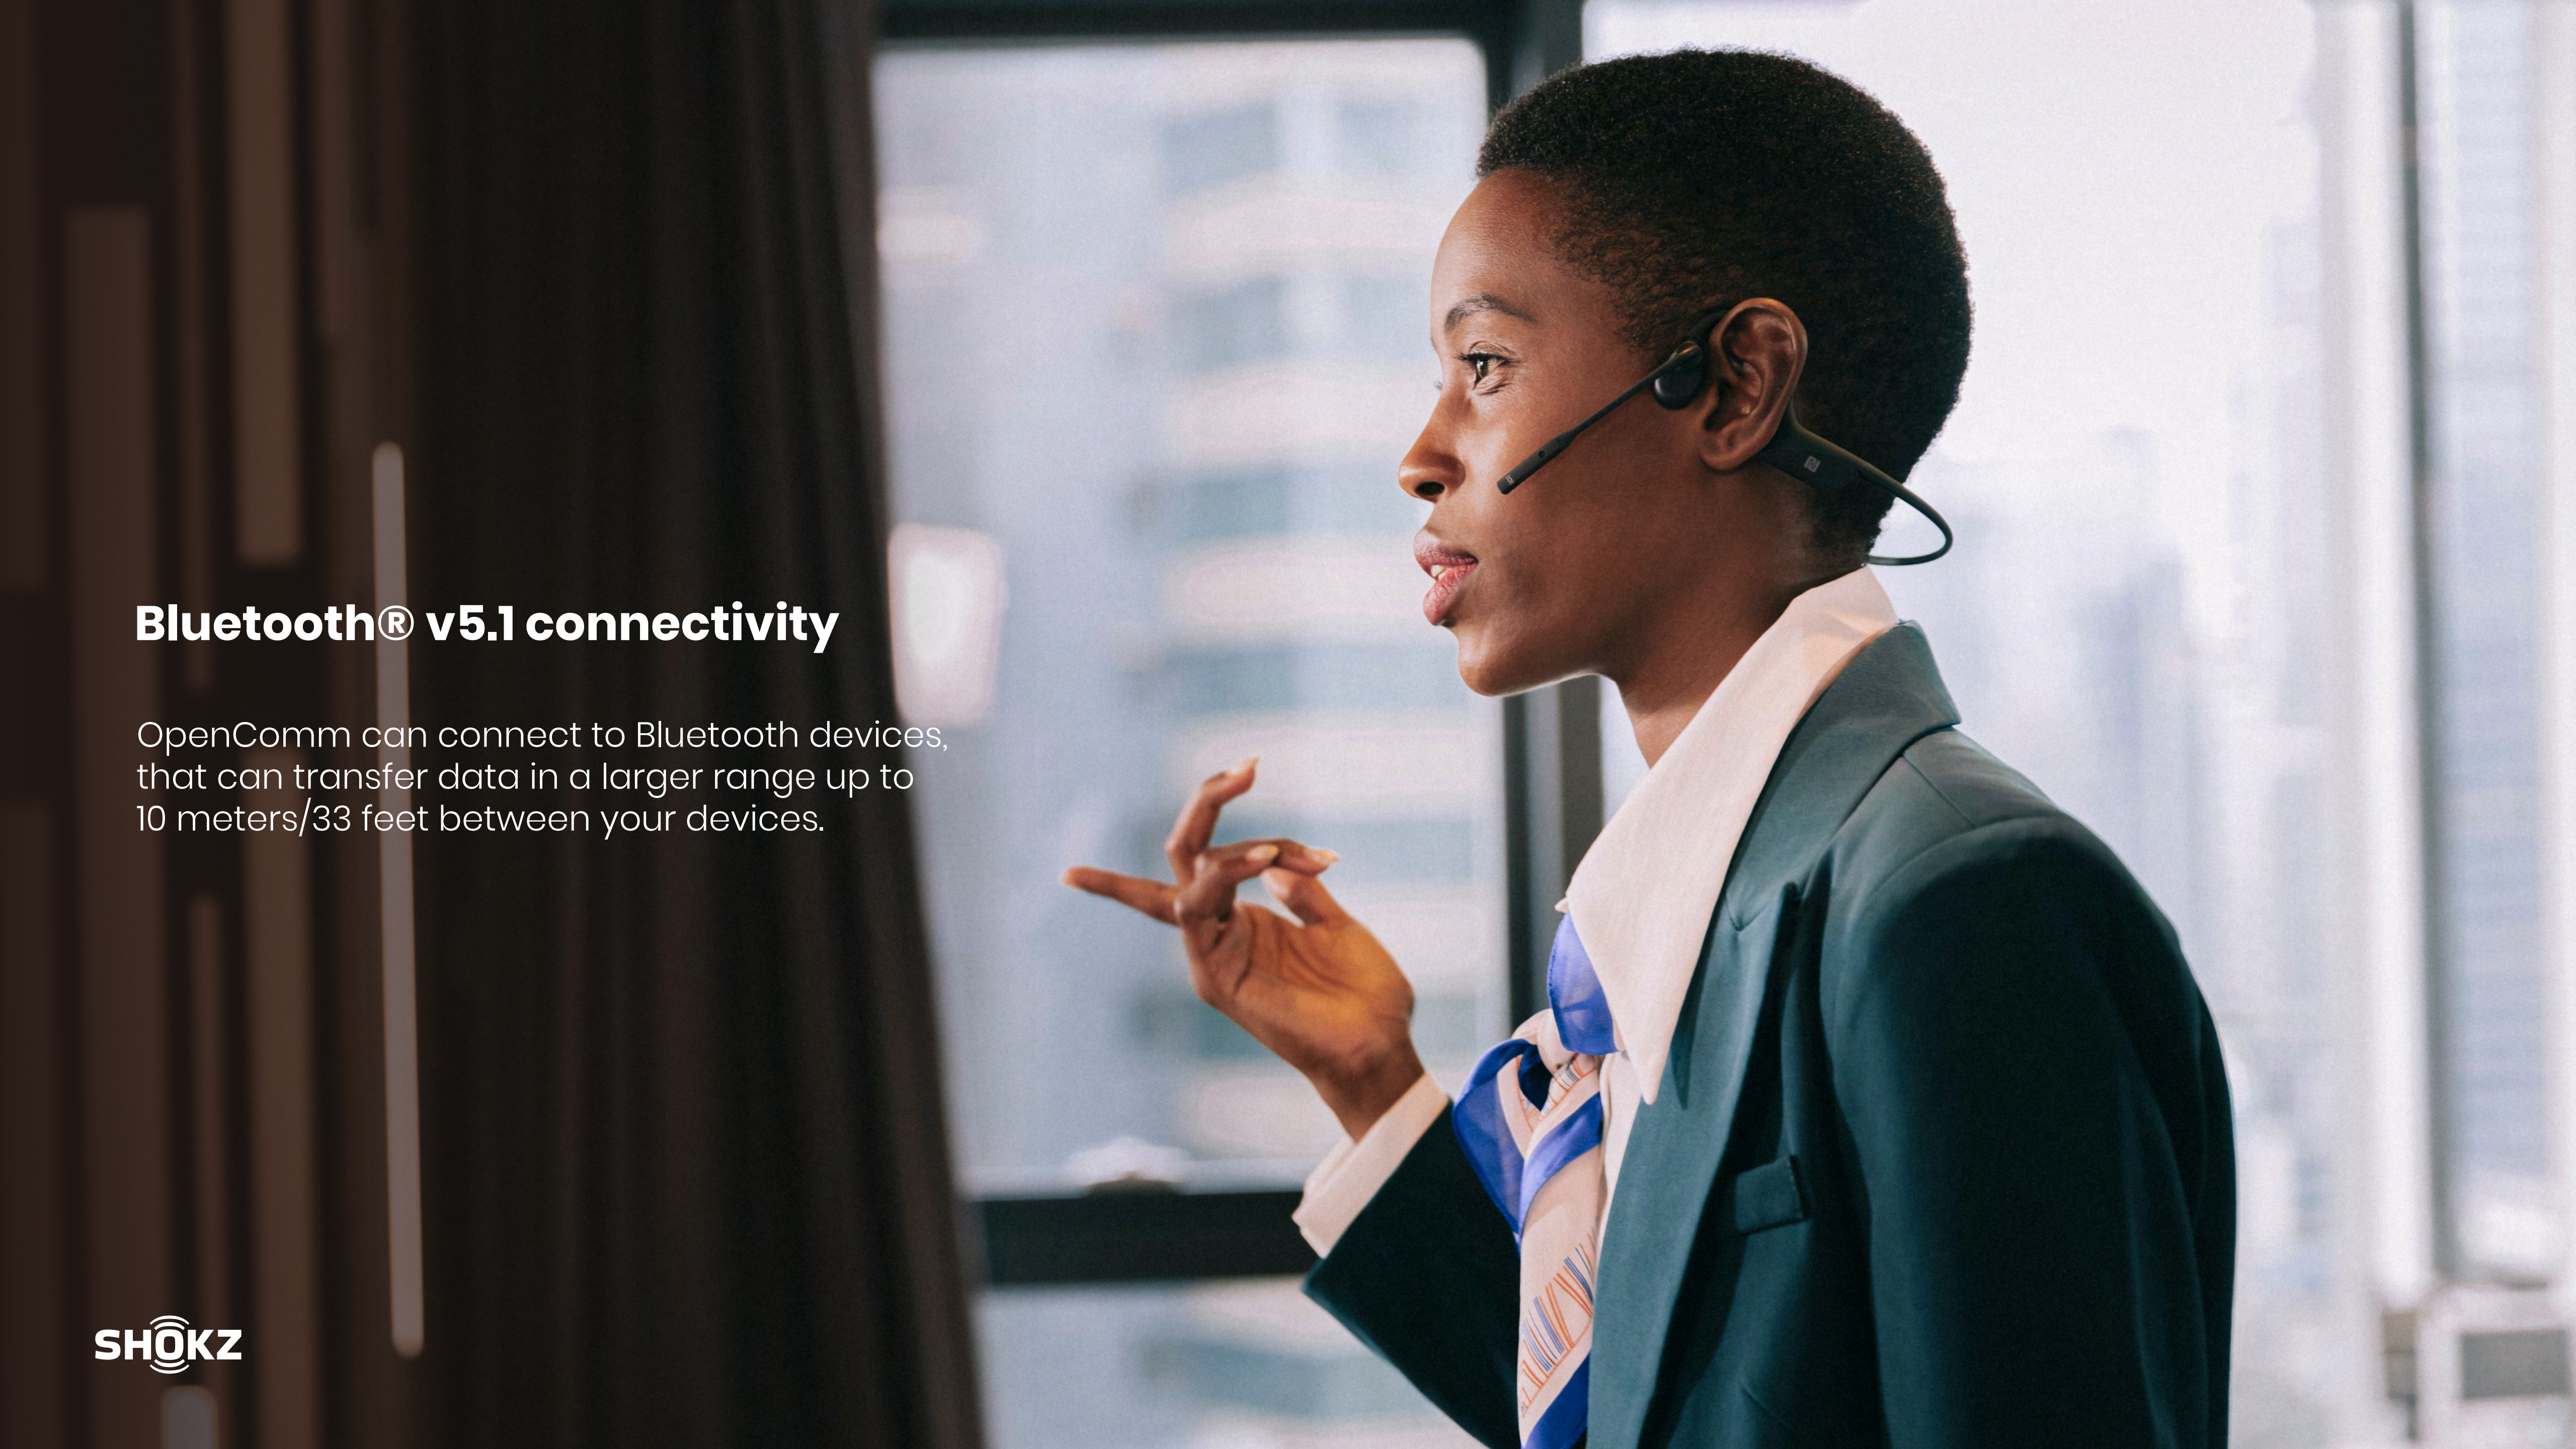

BETTER AWARENESS FOR INCREASED SAFETY

Revolutionize your daily commute with the help of our signature open-ear design. OpenComm improves your awareness so you can keep your eyes on the road without missing an important note on a conference call. The result is safer travel and improved communication.

ENJOY CALL CLARITY ANYWHERE

Wherever your work may take you, OpenComm is up for the task. Engineered with an adjustable DSP noise-canceling boom mic and the 7th generation of bone conduction technology, our headset delivers crystal-clear calls anywhere anytime. You'll be able to hear traffic sounds or airport announcements clearly, but the other person on the call won't.

Bluetooth® v5.1 connectivity

OpenComm can connect to Bluetooth devices, that can transfer data in a larger range up to 10 meters/33 feet between your devices.

16-HOUR TALK TIME & QUICK CHARGE FEATURE

With up to 16 hours of talk time and up to 8 hours of battery life, OpenComm is always powered up for all-day productivity. An added Quick Charge feature provides two hours of power with just a 5-minute charge.

IP55 WATER-RESISTANT

OpenComm is durable enough to repel dust, sweat, and moisture, so you can take a call from anywhere. Rest assured, our headset isn't afraid of a little coffee, mud, or water. Go for a walk around the neighborhood or take on a light rain shower on your outdoor commute worry-free.

FULL TITANIUM FRAME FOR EXTRA DURABILITY

OpenComm is engineered with our signature wraparound titanium frame for increased durability and flexibility. It's the first and only headset in the world designed with a titanium boom mic, so you can enjoy a custom fit that doesn't lose its integrity or comfort.

SPEC

Part number	C102
Speaker type	Bone conduction
Frequency response	20HZ-20KHZ
Speaker sensitivity	96±3 dB
Microphone sensitivity	-38dB±3dB

Compatible configuration files	A2DP, AVRCP, HSP, HFP
Charging voltage	5.0V±5%
Speaker impedance	8.5Ω±20%
Wireless range	33feet(10m)
Frequency band	2400MHz-2483.5MHz
Battery	Lithium polymer battery
Talk time	Up to 16 hours
Listen time	Up to 8 hours
Standby time	Up to 14 days
Charge time	60 minutes
Weight	33 grams
Warranty	2 years
Water resistant	IP55 rated
Battery capacity	170mAh
Maximum RF output power	8dBm
Bluetooth® version	v5.1

WHAT'S IN THE BOX

- OpenComm Bone Conduction Stereo Bluetooth Headset
- Magnetic Induction Charger
- Hard Shell Carrying Case
